

Construction Environmental Management Plan

Project	Kestrel Valley Link Road
Document	KVL-CGC-000-RP-E-0026
Revision	P01
Status	FI - For information
Date	5 March 2025
Originator	Castlegate Civils Ltd

Rev	Date	Description
P01	05/03/2025	First issue

1 Purpose

How environmental risks are controlled during construction: dust, noise, pollution of watercourses, and protected species.

2 Key controls

Silt fences and settlement lagoons for site runoff, spill kits at refuelling points, and compliance with the great crested newt licence conditions.
