

Great Crested Newt Survey Report

Project	Kestrel Valley Link Road
Document	KVL-ADM-700-RP-E-0006
Revision	P01
Status	FI - For information
Date	28 June 2024
Originator	Arden Moss Consulting Engineers

Rev	Date	Description
P01	28/06/2024	First issue

1 Survey

Four presence and absence surveys of the field ponds within 250 m of the route, including those near the proposed Pond 1 West and Pond 2 East sites, between April and June 2024.

2 Results

Pond	Location	Peak count	Result
FP1	Field pond near Pond 1 West site	4	Present - small population
FP2	Field pond near Pond 2 East site	0	Absent

3 Recommendation

A mitigation licence is required for works within 250 m of FP1, with amphibian fencing and a receptor area before construction starts.
